

TRAFFIC MANAGEMENT POLICY

Decmil Australia Pty Ltd is committed to providing a safe work place and environment when working on or adjacent to roads in Western Australia. We are aware of the need for correct procedure and maintaining uniformity in displaying and operating on and near a road way.

To deliver on our commitment, we will:

- communicate Decmil Australia Pty Ltd's Traffic Management Manual and procedures to all employees and other stakeholders as appropriate, to ensure they are aware of their obligations with respect to Decmil Australia Pty Ltd's operations;
- comply with all applicable health and safety laws, regulations and statutory obligations, AS 1742;
- provide health and safety risk management systems and procedures that are relevant to the nature and scale of work undertaken;
- ensure the continual education of our personnel with required training and regular updates on industry changes;
- periodically review and revise our Traffic Management Policy and procedures to maintain their relevance.

The well being of our employees and those working with us, is of key importance in order to create a safe and productive work place.

TOM FALLON
General Manager
